

Functional Test Cases: Specific Feature Testing

Library Management System

Test Design Team (Non-Coders/Specification Experts)

June 5, 2025

Note: These test cases are designed from a black-box, user-centric perspective based on the SRS document. Actual results and status are to be filled during test execution.

I.C Functional Test Cases: Specific Feature Testing

Table 1: Specific Feature Test Cases

Test Case ID	Test Title	Test Steps	Expected Results
Sub-Section: Dashboard (Librarian)			
TC_DASH_001	Verify Librarian can access the Dashboard	- Login as Librarian. - Navigate to the Dashboard.	- User is successfully redirected to the Librarian dashboard at '/dashboard'. - Dashboard displays overview statistics and charts.
TC_DASH_002	Verify Member cannot access the Dashboard	- Login as a 'Member' user. - Attempt to navigate directly to the '/dashboard' URL.	- Access is denied. - User is redirected to the member landing page (e.g., '/books') or an error page.
Sub-Section: Book Management (CRUD)			
TC_BOOK_ADD_001	Successful new book creation by Librarian	- Login as Librarian. - Navigate to 'Book Management' (/books). - Click "New Book" button. - Fill in all required fields (Name, ISBN) with valid data. - Select existing Author and Genre. - Submit the form.	- A success message is displayed. - The new book record is created and appears in the book list.
TC_BOOK_ADD_002	Attempt to create a book with missing required fields	- Login as Librarian. - Navigate to 'Book Management'. - Open the "Add Book" form. - Leave a required field (e.g., Name) blank. - Submit the form.	- The system rejects the submission. - An error message indicating the required field is missing is displayed. - The book is not added to the database.
TC_BOOK_VIEW_001	Verify Member can view list of books and book details	- Login as Member. - Navigate to 'Book Management' (/books). - Click on a specific book in the list.	- Member can successfully view the list of all books. - Member can successfully view the details of a specific book.
TC_BOOK_UPD_001	Successful update of a book's details by Librarian	- Login as Librarian. - Navigate to 'Book Management'. - Select a book to edit. - Change a field (e.g., update the summary). - Save the changes.	- A success message is displayed. - The updated information is reflected correctly in the book's detail view.

Table 1 – continued from previous page

Test Case ID	Test Title	Test Steps	Expected Results
TC.BOOK_DEL_001	Successful deletion of a book by Librarian	• Login as Librarian. • Navigate to 'Book Management'. • Select a book to delete. • Confirm the deletion in the dialog.	• A success message is displayed. • The book is removed from the book list.
TC.BOOK_ACCESS_001	Verify Member cannot access book CRUD operations	• Login as Member. • Navigate to 'Book Management'.	• "Add Book", "Edit Book", and "Delete Book" UI elements are not visible or are disabled. • Direct access to corresponding API endpoints is denied.
Sub-Section: Borrowal Management			
TC.BORW_ADD_001	Successful borrowal request by Member for an available book	• Login as Member. • Navigate to 'Borrowal Management' (/borrowals). • Click "New Borrowal". • Select a book that is marked as available. • Submit the form.	• A success message is displayed. • A new borrowal record is created with 'Borrowed' status and correct dates. • The new record appears in the member's borrowal history.
TC.BORW_ADD_002	Attempt to borrow a book that is not available	• Login as Member. • Navigate to 'Borrowal Management'. • Attempt to create a new borrowal for a book that is not available.	• The UI should clearly indicate the book is not available. • The system prevents the submission or displays a clear error message.
TC.BORW_VIEW_001	Verify Member can only view their own borrowal history	• Login as a Member who has borrowal records. • Navigate to 'Borrowal Management' (/borrowals).	• The list displays only the borrowals associated with the logged-in member's ID. • Records of other members are not visible.
TC.BORW_VIEW_002	Verify Librarian can view all borrowal records	• Login as Librarian. • Navigate to 'Borrowal Management'.	• A list of all borrowal records for all members is displayed.
TC.BORW_UPD_001	Successful update of borrowal status by Librarian	• Login as Librarian. • Navigate to 'Borrowal Management'. • Select an existing 'Borrowed' record. • Update its status to 'Returned'. • Save the change.	• A success message is displayed. • The record's status is correctly updated in the list.
Sub-Section: User Management (by Librarian)			
TC.USER_VIEW_001	Verify Librarian can view list of all users	• Login as Librarian. • Navigate to 'User Management' (/users).	• A list of all users (both Librarians and Members) is displayed correctly.

Table 1 – continued from previous page

Test Case ID	Test Title	Test Steps	Expected Results
TC_USER_UPD_001	Successful update of a user's details by Librarian	• Login as Librarian. • Navigate to 'User Management'. • Select a user to edit. • Update a non-critical field (e.g., Phone number). • Save the changes.	• A success message is displayed. • The user's details are correctly updated.
TC_USER_DEL_001	Successful deletion of a user by Librarian	• Login as Librarian. • Navigate to 'User Management'. • Select a user account to delete. • Confirm the deletion.	• A success message is displayed. • The user is removed from the list of users. • The deleted user can no longer log in.
Sub-Section: Review Management (Assumed Admin UI)			
TC_REV_ADD_001	Successful addition of a review by Librarian (Admin action)	• Login as Librarian. • Navigate to a book's detail page. • Use an administrative function to add a review for the book. • Enter a star rating and review text. • Submit the review.	• A success message is displayed. • The new review appears in the list of reviews for that book.
TC_REV_VIEW_001	Verify any user can view reviews for a book	• As any logged-in user (or guest, if public). • Navigate to the detail page of a book that has reviews.	• The list of reviews for the book is displayed correctly.
TC_REV_DEL_001	Successful deletion of a review by Librarian	• Login as Librarian. • Navigate to a book with reviews. • Select a specific review to delete. • Confirm the deletion.	• A success message is displayed. • The review is removed from the book's list of reviews.
